License #: RC-534

Dear Ms. Davis:

On April 20, 2007, a complaint investigation, state licensure survey was conducted at Mallory House. As a result of that survey, deficient practices were found. The deficiencies were cited at the following level(s):

- Core issues, which are described on the Statement of Deficiencies, and for which you have submitted a Plan of Correction.
- Non-core issues, which are described on the Punch List, and for which you have submitted evidence of resolution.

This office is accepting your submitted plan of correction and evidence of resolution.

Should you have questions, please contact Maureen McCann, RN, Health Facility Surveyor, Residential Community Care Program, at (208) 334-6626.

Sincerely,

MAUREEN MCCANN, RN

Jennifer Lyn Davis, Administrator Mallory House 3400 S 5th West Idaho Falls, ID 83402

Dear Ms. Davis:

Based on the complaint investigation, state licensure survey conducted by our staff at Mallory House on April 20, 2007, we have determined that the facility failed to retain a licensed administrator responsible for the day-to-day operations of a single facility for a period more than 30 days. The facility also failed to protect residents from inadequate care. Based on observation, interview, and record review, it was determined the facility failed to update an NSA to describe how the residents' needs would be met for 1 of 7 sampled residents (#3). The facility also failed to develop an NSA to identify and describe residents' behavior management needs for 2 of 7 sampled residents (#2, #3).

These core issue deficiencies substantially limit the capacity of Mallory House to furnish services of an adequate level or quality to ensure that residents' health and safety are safe-guarded. The deficiency is described on the enclosed Statement of Deficiencies.

You have an opportunity to make corrections and thus avoid a potential enforcement action. Correction of this deficiency must be achieved by June 4, 2007. We urge you to begin correction immediately.

After you have studied the enclosed Statement of Deficiencies, please write a Plan of Correction by answering each of the following questions for each deficient practice:

- What corrective action(s) will be accomplished for those specific residents/personnel/areas found to have been affected by the deficient practice?
- How will you identify other residents/personnel/areas that may be affected by the same deficient practice and what corrective action(s) will be taken?
- What measures will be put into place or what systemic changes will you make to ensure that the deficient practice does not recur?
- How will the corrective action(s) be monitored and how often will monitoring occur to ensure that the deficient practice will not recur (i.e., what quality assurance program will be put into place)?

• What date will the corrective action(s) be completed by?

Return the **signed** and **dated** Plan of Correction to us by **May 22, 2007**, and keep a copy for your records. Your license depends upon the corrections made and the evaluation of the Plan of Correction you develop.

In accordance with Informational Letter #2002-16 INFORMAL DISPUTE RESOLUTION (IDR) PROCESS, you have available the opportunity to question cited deficiencies through an informal dispute resolution process. If you disagree with the survey report findings, you may make a written request to the Chief of the Bureau of Facility Standards for a Level 1 IDR meeting. The request for the meeting must be made within ten (10) business days of receipt of the statement of deficiencies (May 22, 2007). The specific deficiencies for which the facility asks reconsideration must be included in the written request, as well as the reason for the request for reconsideration. The facility's request must include sufficient information for the Bureau of Facility Standards to determine the basis for the provider's appeal. If your request for informal dispute resolution is received after May 22, 2007, your request will not be granted.

Please bear in mind that non-core issue deficiencies were identified on the punch list, a copy of which was reviewed and left with you during the exit conference. The completed punch list form and accompanying proof of resolution (e.g., receipts, pictures, policy updates, etc.) are to be submitted to this office by May 20, 2007.

If, at the follow-up survey, it is found that the facility is not in compliance with the rules and standards for residential care or assisted living facilities, the Department will have no alternative but to initiate an enforcement action against the license held by Mallory House.

Should you have any questions, or if we may be of assistance, please call our office at (208) 334-6626.

Sincerely,

JAMIE SIMPSON, MBA, QMRP

However, there was no documented evidence the facility had requested an administrator variance to allow the current licensed administrator to oversee two licensed buildings. On 4/18/07 at 9:42 a.m., the current administrator stated the former administrator was no longer the facility administrator as of 2/05/07. She stated a letter had been sent to the Licensing and Survey agency notifying them of her becoming the administrator over the facility. She also stated that her license was over both licensed facilities and she had not applied for an administrator variance. The facility had operated for more than 30 days without a single licensed administrator responsible for the day-to-day operations.

Dear Ms. Davis:

On April 20, 2007, a complaint investigation survey was conducted at Mallory House. The survey was conducted by Polly Watt-Geier, MSW, Sydnie Braithwaite, RN and Maureen McCann, RN. This report outlines the findings of our investigation.

Complaint # ID00002148

Allegation #1:

The facility was not serving palatable food to the residents.

Findings:

On April 18, 2007 through April 19, 2007 from 8:35 a.m. to 5:01 p.m., thirteen random residents and two family members were interviewed. They stated there was no variety of meal items offered. However, there were no complaints that the food

was not palatable.

Conclusion:

Unsubstantiated. Although it may have occurred, it could not be determined during the complaint investigation.

Findings #2:

On Aprl 18, 2007 at 10:25 a.m., the facility's menus were observed to be signed and dated by a registered dietician. Additionally, a daily menu was observed hanging beside the signed menu, which differed from what the registered dietician had selected for the scheduled menu.

Allegation #2:

The facility had not been following the scheduled menu.

Findings:

On April 18, 2007 at 10:27 a.m., the kitchen manager stated she did not follow the scheduled menu because she was instructed to developed the daily menu to follow the residents' preferences.

Conclusion:

Substantiated. The facility was issued a deficiency at IDAPA 16.03.22.451.01.d for not following the scheduled menu. The facility was required to submit evidence of resolution within 30 days.

Allegation #3:

The facility was not assisting with medications as scheduled and the as needed (PRN) medications were sometimes not passed when requested.

Findings:

Review of seven resident records between Aprl 18, 2007 and April 19, 2007 revealed no documented evidence that medications were not given as scheduled or that PRN medications were not passed when requested.

On April 18, 2007 through April 19, 2007 from 8:35 a.m. to 5:01 p.m., thirteen random residents and two family members were interviewed. They stated there had not been any delay in scheduled or PRN medications.

Conclusion:

Unsubstantiated. Although it may have occurred, it could not be determined during the complaint investigation.

If you have questions or concerns regarding our visit, please call us at (208) 334-6626. Thank you for the courtesy and cooperation you and your staff extended to us while we conducted our investigation.

Jennifer Lyn Davis, Administrator Mallory House 3400 S 5th West Idaho Falls, ID 83402

Dear Ms. Davis:

On April 20, 2007, a complaint investigation survey was conducted at Mallory House. The survey was conducted by Polly Watt-Geier, MSW, Sydnie Braithwaite, RN and Maureen McCann, RN. This report outlines the findings of our investigation.

Complaint # ID00002333

Allegation #1:

The facility did not complete an investigation when a resident had an unexplained injury.

Findings:

The resident's facility closed record, hospital and home health records were reviewed April 18, 2007. There was no documented evidence that the facility was aware of the injury until it was discovered in the ER on December 6, 2006. Interviews on April 19, 2007 at 3:00 p.m. and 4:25 p.m. and on April 20, 2007 at 9:21 a.m. with two caregivers and the facility's registered nurse revealed staff were not aware of the injury prior to December 6, 2006.

Conclusion:

Unsubstantiated. Although it may have occurred, it could not be determined during the

complaint investigation.

Allegation #2:

The facility did not obtain timely medical services for a resident.

Findings:

On April 18, 2007, the identified residents closed record was reviewed. On December 4, 2006 a home health nurse documented the resident's respirations were non-labored, regular, and that breath sounds were clear and the resident did not have a cough. The first notation regarding a cough by facility staff was dated December 6, 2006. Home health was notified that day and documented the resident's respirations were labored, irregular, and that breath sounds had gurgles and the resident had a productive cough. The resident was transported

to the emergency room on December 6, 2006.

Conclusion:

Unsubstantiated. Although it may have occurred, it could not be determined during the complaint investigation.

Allegation #3:

The facility did not assist the resident with medications as prescribed by the physician due

to letting a family member administer medication to the resident.

Findings:

Telephone interview with the resident's family member on April 19, 2007 at 5:42 p.m. revealed the resident received cough syrup brought in to the facility by the family member

without a physician's order.

Conclusion:

Substantiated. The facility was issued a deficiency at IDAPA 16.03.22.305.02 for not assuring there was a current physician's order for a medication the resident received. Refer to non-core punch list. The facility was required to submit evidence of resolution within 30 days.

Allegation #4:

The facility staff did not assure the resident's catheter tubing was positioned correctly.

Findings #4:

On April 18, 2007 the resident's closed record was reviewed. A plan of care update note dated November 24, 2006 documented the resident was complaining of the catheter hurting and pinching. A daily skilled nursing note dated November 28, 2006 documented that the resident complained of pain and the foley was found to be kinked and not draining properly. Another plan of care update note dated November 29, 2006 documented the resident stated the catheter was pinching. Interviews on April 19, 2007 at 3:00 p.m. and on April 20, 2007 at 9:21 a.m. with two caregivers revealed caregivers had not received foley care training by

the facility nurse.

Conclusion:

Substantiated. The facility was issued a deficiency at IDAPA 16.03.22,305.08 for the facility nurse not accessing, documenting and recommending foley catheter care education for facility staff. Refer to non-core punch list. The facility was required to submit evidence of resolution within 30 days.

Based on the findings of the complaint investigation, the facility was found to be out of compliance with the rules for Residential Care or Assisted Living Facilities in Idaho. A Statement of Deficiencies has been issued to your facility. Please develop a Plan of Correction as outlined in the cover letter to the Statement of Deficiencies. and/or Non-core issues were identified and included on the Punch List.

If you have questions or concerns regarding our visit, please call us at (208) 334-6626. Thank you for the courtesy and cooperation you and your staff extended to us while we conducted our investigation.
